6. In the following text you can read some amazing facts about elephants. Read the text carefully. Then read the five statements below and find all the sentences with incorrect informations./ A következő szövegben az elefántokról olvashatsz érdekes tényeket. Gondosan/Figyelmesen olvasd el a szöveget, majd az öt állítás közül válaszd ki a valótlan információt tartalmazókat!

Elephants are wonderful animals. They are the biggest mammals that live on land. There are two kinds of elephants. Asian and African. Asian elephants have got smaller ears and shorter tusks. African elephants are bigger and taller than the Asian elephants. An African elephant can weigh more than 5000 kilograms. Both of them have got trunks but they are different. African elephants have got two 'fingers' at the end of their trunk. Asian elephants have got only one 'finger'. Elephants eat plants. They use their trunks to pick up food from the ground and they get water with them. They don't drink with their trunks, they just spray water into their mouths. They have got four teeth. One tooth of an elephant can be 25 centimetres long. They can cool themselves with their ears or they go into the water or mud. Femail elephants live in groups with their babies. The oldest female is the leader. Male elephants live alone. Elephants can live about eighty years.

A: Male elephants don't live with the babies.
B: African elephants have got bigger ears and longer tusks.
C: Their tusks can be 25 centimetres long.
D: Elephants are the biggest mammals in the world.
